

Neighborhood Notification: Bicycle Improvements on 21st Avenue from Bell Road to Morningside Drive

As part of the Street Transportation Department’s core mission, we strive to improve the City’s roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

About the Project

Where: 21st Avenue from Bell Road to Morningside Drive.

What: Where there is enough space on the roadway, bicycle lanes will be added. The number of travel lanes will remain the same. Parking will be removed on the east side of the road.

When: Traffic lane improvements are planned for Spring/Summer 2023.

Why: Bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the buffers will help to guide cars and deter speeding.

What Will the Project Look Like?

Bell Road to Schell Drive

At the median south of Anderson Avenue

Schell Drive to Morningside Drive
